

# **Barnabas Bathroom Policy**

All students in the Barnabas Ministry must have an accompanying volunteer with them to the bathroom; males with males and females with females. If a student requires no help, the volunteer will stand outside the outer door of the bathroom and wait until he's finished. If a student requires help, 2 volunteers must go along; one to help the student and one to stand outside holding the outer door open. Parents will be called if a student requires a diaper change. No volunteer will be changing diapers.
