### Six Fatal Theological Flaws Pertaining to God and Ourselves:

1. God is not that **different** than me.
2. I'm really (at the core) a **good person**.
3. God isn't that **serious** about **sin**.
4. I **deserve** God's grace.
5. God needs to **sell me** on why I should trust **Him** for salvation.
6. Obedience is **optional**.
